

The Modesty House

THE MODEST FASHION DIRECTORY

BRAND BOOK · VOLUME ONE

A curator, not a catalogue

The Modesty House earns trust by having taste. The brand frames the fashion and steps back; the seal does the endorsing.

i.

Fashion leads

Chrome stays quiet. Aubergine and parchment frame the work, never compete with it.

ii.

Brass means endorsed

Gold is reserved for moments of curation: Verified, Featured, Editor's Pick.

iii.

Warm, never cold

Welcoming and elegant. Aspirational without being exclusive or clinical.

"Where modest fashion is found."

Colourways

Primary is aubergine on parchment. Reverse to parchment on aubergine for depth. One colour, always. No gradients.
